

FACT SHEET

FastPay ePay

The only payment solution designed exclusively for media.

FastPay ePay

FastPay ePay is designed to streamline, secure and monetize your agency's media payments. Built specifically for the media industry, ePay works with your current buying and accounting systems to optimize your existing workflow through payment automation.

Benefits

-  Invoice management tools to automate ingestion and resolve discrepancies
-  Flexible payment methods including virtual credit card, FastPay Network, check and ACH
-  Card Management feature makes it easy to manage multiple campaigns and VCCs in one place
-  Proprietary technology designed to reach media suppliers at scale
-  Access to detailed reporting for quick and easy reconciliation
-  Dedicated media payments team to provide support and ongoing supplier activations
-  Integrations with major accounting and media buying systems

“With FastPay, working with our accounting system is so smooth. I just make sure the information is accurate in the system, send over one file and it gets parsed out on the FastPay side. The implementation was super easy and it's kind of a set it and forget it partnership for me.”

Kevin Webb
